DETAILED ACTION

Allowable Subject Matter

Claims 1-66 are allowed.

The following is an examiner's statement of reasons for allowance: The Applicant's invention is directed to a role certificate allowing the user to utilize the certificate as a group stamp and for encryption of information. The Applicant arguments are persuasive, U.S. Patent 6301658 to Koehler is directed to conventional certificate and not role certificates. And further, U.S. Patent 5656616 to Sudia is deficient in teaching using the role certificate as a group stamp.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
